

Gift Acceptance Policy

Acceptance of any contribution, gift or grant is at the discretion of World Medical Relief. World Medical Relief will not accept any gift unless it can be used or expended consistently with the purpose and mission of the agency.

No irrevocable gift, whether outright or life-income in character, will be accepted if under any reasonable set of circumstances, the gift would jeopardize the donor's financial security.

World Medical Relief will refrain from providing advice about the tax or other treatment of gifts and will encourage donors to seek guidance from their own professional advisors to assist them in the process of making their gifts.

World Medical Relief will accept donations of cash or publicly traded securities. Gifts of in-kind services will be accepted at the discretion of World Medical Relief.

Certain other gifts, real estate property, personal property, in-kind gifts, non-liquid securities, and contributions whose sources are not transparent or whose use is restricted in some manner, must be reviewed prior to acceptance due to the special obligations raised or liabilities they may pose for World Medical Relief.

World Medical Relief will provide acknowledgments to donors meeting IRS substantiation requirements for property received by the charity as a gift. However, except for gifts of cash and publicly traded securities, no value shall be ascribed to any receipt or other form of substantiation of a gift received by World Medical Relief.

World Medical Relief will respect the intent of the donor relating to gifts for restricted purposes and those relating to the desire to remain anonymous. With respect to anonymous gifts, World Medical Relief will restrict information about the donor to only those staff members with a need to know.

World Medical Relief will not compensate, whether through commissions, finders' fees, or other means, any third party for directing a gift or a donor to World Medical Relief.
